DETAILED ACTION

Claims 1-6, 8-10, 12 and 14-23 are allowed. The following is an examiner's statement of reasons for allowance: it would not have been obvious to a person of ordinary skill in the art to (1) provide an evaporator in thermal communication with a first computer component, the evaporator being configured to dissipate heat from the first computer component by evaporating liquid coolant from a stream of liquid coolant to produce a stream of coolant vapor and a condenser configured to be cooled by dissipating heat from the stream of coolant vapor into an airstream, and thereby to add liquid coolant to the stream of liquid coolant, and (2) to provide an air mover configured to create an airstream that cools the condenser and forces the same airstream into thermal communication with the one or more additional computer components. These limitations are embodied in the independent apparatus and method claims (i.e., 1, 14, 15, 19, 21 and 22). The independent claims are allowable for at least the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Anthony Q. Edwards whose telephone number is 571-272-2042. The examiner can normally be reached on M-F (7:30-3:00) First Friday Off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Lynn D. Feild can be reached on 571-272-2800, ext. 35. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
